Dear Alex Smith,

Unfortunately, you're not currently entitled to Pension Credit.

You asked us to consider your application from 17 October 2021.

Your weekly State Pension amount of £179.60 was more than the minimum guaranteed income of £177.10 that Pension Credit provides. This guaranteed income is set for you by the government.

If something changes

You can apply for Pension Credit again if certain things change. The minimum income that is set for you will change if anyone moves into your home, or if you start getting any of the following:

- Attendance Allowance
- Carer's Allowance
- the middle or highest rate from the care component of Disability Living Allowance (DLA)

- the daily living component of Personal Independence Payment (PIP)
- Armed Forces Independence Payment

Yours sincerely,

The Pension Credit team
